SENATOR JONES.

The Acquisition of Prodigious Wealth - His Recent Matrimonial Alliance - The Bride and Her Charms.

Hon. J. P. Jones United States Senator of Nevada and his newly wedded bride, Mrs. Miss Georgie Sullivan, arrived at the St. James Hotel in New York, on Thursday last, direct from San Francisco, after a tedious and exceedingly uncomfortable trip across the plains. The Senator states that the cold was intense, the thermometer ranging below the forties, and that, notwithstanding a plentiful supply of fuel and heavy woollen clothing, the passengers experienced a severe ordeal in passing through the icy current of blood chilling air. The couple, owing to the discomfort and fatigue of the trip, were obliged to remain in the city a few days before proceeding to Washington.

The bride of the Senator now so famous for his pronounced "hard money" sentiments and fabulous wealth, is the daughter of Hon. Eugene Sullivan, a distinguished lawyer and capitalist of San Francisco, and at present one of the staff of Governor Booth, of California. She is a lady of rare accomplishments, and many amiable traits of character. Under the careful supervision of the best instructors in Europe, Miss Sullivan received a finished education including a thorough course in the aesthetics and the French classics. For this purpose she visited Europe twice, traveling thousands of miles at a tender age, and thus exposing herself to the perils and discomforts of the venturesome voyager, that she might acquire the gifts of refined knowledge. In appearance the bride is of medium stature, erect and of easy and graceful carriage. In features she is of the blonde type, and beautiful and attractive visage. Added to her other charms, she is of a sweet and amiable temperament, in manner, composed and submissive, in conversation, brilliant and electrical.

As the bride will be a conspicuous leader in society circles at Washington, the above brief sketch does not seem out of place, in view of the exalted position of the groom. Miss Perry, a sister of the bride and Mrs. Gorham, of Cleveland, the elegant and gifted sister of the Senator will adorn his family circle during the winter. The nuptial ceremonies in San Francisco having been conducted very privately, it is expected that the Senator will give a formal wedding reception in Washington.

The winter having occasion to make a friendly call upon the Senator, found him surrounded by a levy of congenial friends all desirous of tendering their congratulations on his recent acquisition of a wife. The Senator, evidently looking upon matrimony as an every day occurrence, blandly but contentiously assured his congratulatory guests that he had formerly experienced the felicities of a married existence (being a widower) and did not feel any more for his second venture now that he had passed the initiatory process and was safely embarked, and obliged to undergo the responsibilities of a marital life.

The tenor of the conversation changed to the subject of inflated mining stocks, and the origination of the bonanza. Senator Jones proceeded to explain the meaning of the word bonanza, which he said was of Mexican derivation and in nautical parlance was applied to infer that as the craft heaved and tossed in troubled seas, it finally cleft the billows and floated again serenely on the bosom of quiescent waters, and for the remainder of the voyage plain sailing became the notable feature of the risky venture. The word has been adopted by the miners of the Pacific Coast as an expressive term in their vernacular, indicative of a rich and accessible vein of precious metal, the development of which after months and years of toil and extreme hardships, becomes plain and simplified as the miners strike the ledge of pure quartz. Hence the recent excitement in the Pacific Eldorado over the recent discovery of the great bonanza of the Consolidated Virginia California and Ophir mines, and which sent mining stocks beyond the reach of small operators, owing to the fabulous enhancement of their value.

Senator Jones for the further edification of his company and the reporter in particular, then drew a graphic picture of the Eldorado and the surrounding country, its magnitude and marvelous resources and scenic attractiveness. In the course of the Senator's luminous survey of the silver regions, he vividly called to mind many interesting adventures of his own, interspersing the narrative with humorous anecdotes in the depiction of the same; metaphor succeeded metaphor, and illustrations freighted with valuable suggestions followed one after another.

Having despatched at some length, the company separated, evidently surprised at the Senator's mental

gifts, after which the reporter was invited to enter a carriage and accompany the Senator down town. On the way conversation was again resumed.

'Senator, if it is not an impertinent question may I be permitted to ask whether your wealth has increased or decreased in proportion since you returned to Nevada, in August last?' The question is perfectly admissible," replied the Senator. "and I will frankly say that I have made, on a rough estimate, nearly, if not quite, three millions of dollars in five months."

The reporter shuddered at the nonchalant and perfect sang froid of the Silver Senator, who appeared not the least disconcerted by the admission, and noticing the reporter's embarrassment he said that the mere possession of wealth did not affect his many characteristics any more than when he was a poor miner working a mine on a small scale—that he always had friends in poverty and riches, and he could easily endure prosperity, and the same friends were still attached to him, as money and honor never made him dizzy or querulous.

The carriage having arrived in front of the agency of the Bank of California the Senator and reporter alighted and entered the banking house. Bulletins conveying the latest telegraphic quotations of mining stocks quickly attracted the Senator's attention. He seemed fascinated with the figures, and playfully toyed with them magnificently. He was confronted with old prospectors on every hand many of whom he had not seen for ten or fifteen years some of whom were rich while others were penniless—all were equally Jones friends.

Senator Jones intends purchasing the residence of Mr. Hatchings, on K street in Washington. The price asked is \$160,000. The Senator will remain in this section of the country some time after the adjournment of Congress.

EASTERN DISPATCHES

Unsatisfactory. Chicago, Feb 9

A Washington special says there was universal indignation and surprise at the President's message on Arkansas matters as it is held that all parties in Arkansas except a few carpet bagging malcontents are contented with the present condition of affairs in the State and the action of the President is regarded especially surprising in the face of the Poland Committee's almost unanimous report in the case.

Carnival. MEMPHIS, Feb 9 The city is full of strangers. The weather propitious and everything indicates a grand success of the Mardi Gras carnival to-morrow. Business is entirely suspended.

From Spain. MADRID Feb 9

An official dispatch admits that the advance guard now at the extreme left of the troops operating against the Carlists, in Navarre, has suffered a check, owing to the over confidence of its commander. The Carlist chief, Mendinu was shot by order of Don Carlos, for treason.

Count Valmista is to be appointed Captain General of Cuba.

Carlist Victory. LONDON Feb 9

The Carlist committees of this city claim they have information that the Carlists have won a great victory over the Alfonsists, the latter losing seven thousand killed and wounded and that Carlos has issued a congratulatory address to his troops.

Will Appear. WASHINGTON, Feb 9

A H. Whiting telegraphs from Canada that he will promptly appear before the Ways and Means Committee to testify concerning his employment by Irwin in the Pacific Mail subsidy matter.

Cross Examination. NEW YORK, Feb 9

The cross examination of Filson was continued this morning but nothing new or interesting was brought out, it being simply a repetition of statements made in his direct examination in regard to the arbitration with Bowen and Correll's matters.

Destructive Fire. NEW YORK, Feb 9

A fire at Hunter's Point yesterday destroyed an engine house school

house and four other buildings. Loss \$40,000. Three officers were seriously burned, while rescuing children from the school house. One child was fatally burned. The fire, which originated in the engine house, is supposed to be incendiary and caused by the rivalry of the members of two engine companies.

CONGRESSIONAL

WASHINGTON, Feb 9

HOUSE—After the passage of some unimportant bills and resolutions and the presentation of a memorial praying for the restoration of the tax on sugar, the repeal of which had resulted in a loss of \$14,000,000 of gold to the government without any reduction in the price to consumers. Hennepin's canal bill, which was unfinished business from Saturday was taken up. Hurlbut who has charge of the bill yielded the floor to Poland to present a privileged report from the Committee on Revision of the laws which was considered at length.

SENATE—Logan, from the Committee on Military Affairs reported favorably on the House bill to reduce and fix the Adjutant General's Department of the army. Passed.

Clayton moved to take up the message of the President on Arkansas if fans and refer it to the Committee on Elections.

Bayard hoped the order would not be made now, as the documents accompanying the message had not yet been printed and the motion to refer it would certainly lead to debate. He understood it was the intention to adjourn at 1 o'clock as a mark of respect to the late Senator Buckingham and the motion to refer the message should go over for the present.

Thurman said this was an exceptional case and if anything could be demonstrated it was that the message should go to the Judiciary Committee. He had not time to argue the matter now.

The Vice President announced the morning hour expired and that the Senate would resume consideration of the steamboat bill.

Ferry, of Connecticut, moved that the Senate adjourn in respect to the memory of his late colleague Buckingham, whose funeral takes place to-day.

The motion was agreed to and the Senate adjourned.

The Ways and Means Committee to-day reported a draft of the tariff and tax bill. It proposes to increase about \$40,000,000. Should the modifications of it be made before it is reported then 10 per cent is taken from the duties under the act of June 1872 will be restored. Articles manufactured of cotton wools non and steel paper, books india rubber gutta percha, glass leather etc. and tea and coffee to remain free of duty but cigars of all kinds to bear additional duty. The tax on whiskey and tobacco will also be increased. The committee will hold another meeting to perfect the bill.

Steamer Arrival.

SAN FRANCISCO, Feb 9

The Pacific Mail Steamship Company's steamer Montana, arrived to-day from Panama via Acapulco bringing 377 passengers, 989 tons of merchandise and \$24,650 in treasure.

Miscellaneous. SAN FRANCISCO Feb 9

Dr. Richards alias Zeechi the fellow who perpetrated the ridiculous Black Point duel story in the news papers thereby creating a public scandal and putting up a false job for the police department was brought before the Commissioners on lunacy this afternoon to determine his mental condition. After a careful examination the Commissioners were unable to detect any symptoms of derangement in Richards. The Doctor will therefore be brought before the police court again to-morrow for further consideration of his case.

Last night Thos P. Burns took a room at the Raine house this morning he was found dead in bed. From papers among his effects it appears he formerly kept the Grotto saloon, Virginia City, and about a year ago sold the place to a woman. It is stated he has recently been on a heavy spree.

Still Alive—Teams For Panamint—S. P. R. R.—Ltc.

LOS ANGELES, Feb 9

Tiburcio Ruiz, who was stabbed Saturday night, is still alive, but there is no hope of his recovery.

Teams are again loading in this city for Panamint.

The contractors to build fifty miles of the Southern Pacific Railroad from Spadra to San Geronimo have now 250 men at work grading who started in to work on the 3d, although the contract gave them to the 10th to commence. They have now graded four miles.

The people are becoming thoroughly in earnest in the matter of building the L. A. & I. Railroad.

An extra train loaded entirely with Panamint freight was sent out to Spadra to-day.

Weather continues delightful.

Arizona News.

SAN DIEGO Feb 9

The Union has the following dispatches from Arizona Phoenix, Feb 9—Advises from Quality mines say the mines are paying a good profit now and will soon pay largely. Tucson, Feb 9—A bill was introduced in the council Saturday to remove the capitol to Phoenix, which passed. The bill came up in the House this forenoon and passed that to-day also.

The Ostrich mine fifteen miles South is represented as being one of the richest discoveries yet made. Experienced miners say it is ahead of anything they ever saw. Nine men are now at work on one from the ledge with good prospects. A mill will be shortly erected there.

NEVADA.

The following is taken from the San Francisco Alta

Nevada is a desert. It has an area of 112,000 square miles, surpassing considerably in size any State east of the Mississippi and has yet only 50,000 inhabitants. In 1870 the number according to the Federal census was only 42,211 and in the meantime the increase has not been large. It is not a good place because of inaccessibility. In proportion to the population it has more territory than any other State in the Union. It has 651 miles of about one mile for eight people whereas New York has only 700. It is situated through the middle by the Pacific Railroad which transports large numbers of capitalists and laborers across its territory every month. It does not suffer from obscurity. It is advertised through the world by the richness of the Comstock Lode which sends to its shores its silver every day to Europe and excites the attention of speculators everywhere by the tremendous fluctuations of its stocks.

Nevada is a desert. Its mountains generally have no timber and its valleys are covered with the scrubby and worthless sage brush. Its great misfortune is the dryness of the climate. The average rainfall does not exceed four inches a year. In 1874 it brought 7.5 inches of rain in San Francisco and was an average season here and all the time. It is also the driest of the States. It is situated at the foot of the Sierras and at the base of the Coast Range. It is situated at the foot of the Sierras and at the base of the Coast Range. It is situated at the foot of the Sierras and at the base of the Coast Range.

Its white soil is valuable for pasture but a question arises whether the State is better fitted for fruit growing than for any other branch of agriculture. Trees will wither in its cold winters and in summer better than the cereals or forage plants. Lard and apples and peach are grown at Salt Lake and at Humboldt and experience will probably show that all the fallible land will serve well for orchard purposes.

**FOR THE SUFFERERS.**—Well's, Fargo & Co. have addressed circulars to their agents on the Pacific Coast soliciting aid for the Kansas and Nebraska sufferers. Everything in the shape of clothing, blankets, provisions and money will be transmitted to Omaha free of charge. We have been handed one of these circulars by Mr. R. Smith, agent of the company in Reno. The destitution in the devastated sections is greater than was anticipated. Thousands of men, women and children are on the verge of starvation. If any of our Reno folks can do so we hope they will extend help in some manner.

**ANNIVERSARY.**—We acknowledge the receipt of an invitation to attend the twelfth anniversary of the Knights of Pythias, to be given under the numerical shields of Damon Lodge, No. 2, and Carson Lodge, No. 4, of Carson City, at Moore & Parker's Hall, Friday evening, Feb. 19th.

**THE following stocks were quoted on the street as follows:** Ophir 100, Mex. can 31, California 65, Consolidated Virginia 475 and Best & Belcher 65.

**DURING the illness of County Clerk Shoemaker, his Deputy, W. C. Brown, is attending to the duties of the office.** "Doc" knows how.

**SICK.**—County Clerk Shoemaker is confined to his bed. We trust friend John will not be compelled to remain there any length of time.

**POEVILLE.**—A postoffice has been established at Poeville, Peavine. Mr. R. F. Hoy is the P. M. and L. D. Wicks, Deputy.

**ASSESSMENT.**—The Solferino Tunnel and Mining Company has levied an assessment of one cent per share.

**SALE.**—The delinquent sale notice of the Golden Fleece Mining Company is published in this issue.

**UNDELIVERED.**—There is a message in the Western Union Telegraph office for Gus Weissig.

**THANKS.**—Senator Ross has placed us under obligations for valuable legislative documents.

**NEW VARIETY STORE.**—Mr. C. J. Brooks has opened a variety store on Virginia street, adjoining J. E. Jones & Co's. bank. He deals in stationery, candy, confectionery, cigars and tobacco, and other useful articles. By close attention to business, and by giving a man his money's worth, he expects to command patronage. Give him a call.

**NOTICE.**—Mr. Nels. Greenman is no longer our authorized agent. Our patrons will govern themselves accordingly. St Lee & Co.

**SURGERY.**—It is no longer necessary for the afflicted who need surgical aid to go to the "coast," as they have now in Reno one of the most skillful surgeons in the United States. Dr. A. J. Grover has no superior on the Pacific slope as a successful surgeon. He guarantees the most perfect satisfaction in all cases that are within the reach of surgical skill. Also gives special attention to chronic diseases.

**OH no of course not.** For Nels. Greenman has a laundry of his own and will do his level best to satisfy his old customers and gobble all new ones in sight. Nels. Greenman, Pedro Laundry.

**MUSIC.**—Conrad Zick gives notice in another column that he is prepared to furnish music, and also to give instructions on the guitar and brass instruments. Orders left at the Marysville saloon will be promptly attended to.

**NOTICE IS HEREBY GIVEN THAT JAMES** WEBSTER, Administrator of the estate of Seth P. Hatt deceased, will as per order of 2d Judicial District Court in and for the County of Washoe, offer at private sale, at Steamboat in said County, on the 27th day of February, A. D. 1875, the following described Real Estate, belonging to said Estate, to wit: The N. E. 1/4 of the S. E. 1/4, of S. 4, and the N. W. 1/4 of the S. W. 1/4, of S. 3, T. 17, N. of Range 20 E. Mount Diablo base and Meridian, lying and being in the County of Washoe, State of Nevada. Said Real Estate is situated about one mile South East from Steamboat, and there are about thirty acres in cultivation, with the necessary water and water ditches for irrigation of said thirty acres. There are about sixty acres under fence, and a dwelling house and out houses on the premises. The one half of the purchase money must be paid at the time of the purchase and the remaining half in six months from the date of the purchase, which said remaining half must be secured by mortgage on the premises. The above described premises will be for sale on and after 27th day of February until disposed of. The sale to be subject to the approval of the Court. Purchase money payable in gold coin.
